

ENHANCED
Unlock the Power of your **WebAssign** Digital Solution

Our **Enhanced WebAssign**® training program provides a comprehensive curriculum of beginner, intermediate, and advanced sessions, designed to get you started and effectively integrate EWA into your course.

Our experienced Service and Training Consultants deliver flexible training options to help you fully implement your Cengage Learning digital solution and engage your students.

- **Online Training.** We offer a flexible online and recorded training program designed to accommodate your busy schedule. Whether you are using EWA for the first time or an experienced user, there is a training option to meet your needs.
- **Customized Training.** Do you have unique training needs and require a program customized to your course? For qualified adopters we prepare a training program customized to your needs and deliver it online or on-campus.
- **How To Videos.** If you are looking for a quick answer or refresher on a basic feature, we have online “How To” videos on many of the basic features and functions of EWA.

Regardless of what your needs are, Cengage Learning has you covered.

BEGINNER

Getting Started with EWA

This hour long session introduces you to the benefits of using the online homework system Enhanced WebAssign. After completing the session, you will learn how to log into the system, create a course and assignments, gradebook set-up, effective communication and look at the system from the student perspective, as well as some strategies behind the functionality.

EWA Strategies for Implementation

This seminar, hosted by one of our Technology Power Users, provides helpful tips and techniques from an instructor perspective of key Enhanced WebAssign features such as communication features, gradebook set-up and the Personalized Study Plan.

Creating and Scheduling Assignments

Learn how to create a course and manage your student roster in three easy steps. Additionally, we will show you how to quickly create, save and schedule your assignments using all of the enhanced resources available.

INTERMEDIATE

Mastering the Gradebook

Ensure you are getting the full benefit of the powerful EWA gradebook features. Learn how to set-up your gradebook and about the various options and reporting features available in your EWA gradebook.

Preparing for a New Term

It's time to get ready for the new term! During the session you will learn how to create your new course, create new assignments and/or assign previously created assignments to the new course.

EXPERIENCED

Advanced Topics in EWA: Going Beyond the Basic

This session will help experienced users take their EWA experience to the next level. You will learn the value of conditional points, how to grant access and the type of access to other instructors and TA's, granting extensions to your students, uploading non-WebAssign grades and more.

Easy to Assign. Easy to Use. Easy to Manage.

Enhanced WebAssign is the marriage of time-tested content and reliable web architecture—truly an ideal solution to meet your homework management needs. Building upon the success of WebAssign (founded in 1997 by faculty for faculty), Brooks/Cole Cengage Learning has added its bestselling content to create the most robust, easy-to-use homework management system available. Used by over 1,200,000 students at more than 1,100 schools, WebAssign is reliable and versatile. Learn more at: www.webassign.net/brookscole.
