NYSMATYC Curriculum Survey 2009-2010

I appreciate you taking the time to fill out the NYSMATYC annual survey. This year, the survey will be used to gather information regarding adjunct instructors at your college. For purposes of this survey, "Full-time Instructor" would include anyone who is teaching in a full-time capacity at your college (this would include instructors, assistant professors, professors, etc.). "Adjunct Instructor" would include those employees who are under contract with the college on a semester-by-semester basis with no expectation of continued employment. For survey purposes, please do not include "College in the High School" instructors. Please base your answers to all questions on information related to the Fall 2009 semester.

Please submit this form no later than March 22rd, 2010.

Name:

College:

Email:

1. Please list the number of instructors for each category for your **department**:

Number of Adjunct Instructors:

Number of Full-time Instructors:

Other (please specify instructor "type" and number):
